

SINCE 1962

nubebe

Since 1962

- Nubebe was established in 1962 in Istanbul. Our brand designs all its models with children's comfort in mind for all seasons.

Nubebe shoes are produced with high quality local leather and craftsmanship, to provide best care for children's growing feet.

- "Petit Peton" is our new name to carry Nubebe to international markets, and presents its special

collection as a luxury brand for parents committed to elegance and quality.

# Production

All our products are manufactured in Turkey in our own facilities, with high standards and utmost care. We are a family owned business spanning three generations. Every pair is handmade, and requires attention to detail. The key to our lasting success is our skilled shoemakers that love their work and are proud craftsmen in their own right.

# Our Shoes

## The Leather

It is important for consumers to know about the products they purchase. They would want to recognize genuine leather, and be able to judge its quality and authentic attributes. Not all leather is high quality. Authentic genuine leather shoes display depth of color and texture variations. Natural leather cannot be

uniform. Authentic leather has a sheen visible even in the dark. In contrast, poor quality or artificial leather looks dull. The leather we use in Nubebe shoes is first sanded and then processed with beeswax and plant based oils to increase water resistance and durability. This process allows leather to maintain its natural beauty.

After the dyeing process, the leather is laminated and ready to become a shoe.

## The Sole

Nubebe's special rubber soles are anti-slip and water resistant, as well as light and flexible, allowing children to move freely and easily. Our inner soles and lining are genuine leather, and let the feet breathe. Feet remain

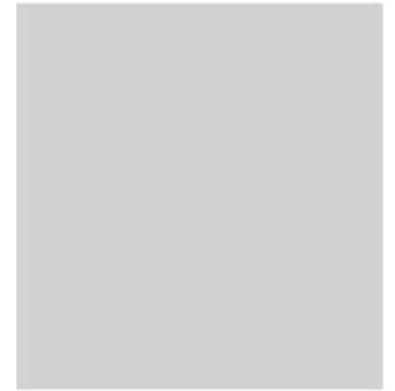

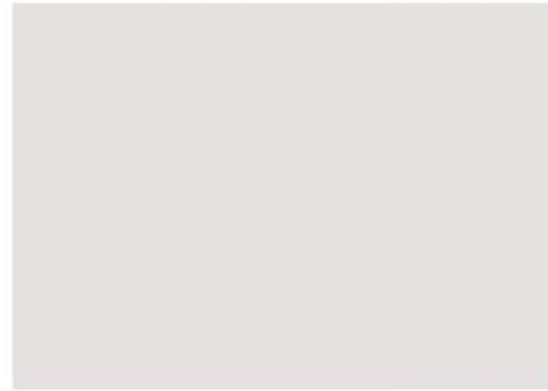

dry and comfortable throughout long hours of intense activity.

## The Fit

We design many models for various foot profiles. Wide or slim, we provide the most comfortable fit and support for your children's feet.

# Pre Walker

## Product Code: DOUX

Size Range: 16 - 18

Material

Inner: Leather

Upper: 70% Genuine Leather,

30% Faux Leather
